<b>Guest Speaker</b>	<b>Prof Vineetha K</b>
<b>Participants</b>	<b>Students of I B.E</b>

## BRIEF REPORT

As the digital age continues to shape our lives, it's imperative to recognize and address the unique mental wellness challenges faced by young girls. On January 23, 2019 Mrs. Vineetha K, HOD of BSW and Registrar (Evaluation), House of Social Work, Roshni Nilaya spearheaded an insightful discussion delving into these pressing issues. Mrs. Vineetha K highlighted the profound influence of social media on girls' mental health, emphasizing the need to combat unrealistic beauty standards and cyberbullying. She emphasized the critical role of cyber security and online safety measures in safeguarding girls' mental wellness. She underscored the importance of educating girls about online threats and empowering them with the tools to protect themselves. She shed light on the multifaceted challenges faced by girls in maintaining mental wellness amidst the digital revolution. By addressing issues such as social media impact, screen time management, online safety, support networks, and stress management strategies, she emphasized the importance of holistic approaches to promoting girls' mental health. Through continued awareness-building efforts and collaborative initiatives, Mrs. Vineetha K highlighted the potential for positive change in navigating the complexities of the digital epoch for girls' mental wellness.

<b>Number of Participants</b>	<b>Lady staff and I B.E girl students</b>
<b>Guest Speaker</b>	<b>Dr Venkatesh Sanjeeva</b>
<b>Faculty Coordinator</b>	<b>Dr. Vijaya Alva</b>
<b>Venue</b>	<b>College Auditorium</b>

## BRIEF REPORT

A special awareness talks on “Management of benign and malignant diseases of breast” was organized on 18<sup>th</sup> July, 2018 by an expert in the field, Dr. Venkatesha Sanjeeva, Consultant Surgeon.

He created awareness through education on symptoms and treatment in order to reduce the stigma of breast cancer. He gave a brief in-sight on how the evaluation of any kind of lump on breasts is done. Dr. Sanjeeva highlighted the critical role of self-examinations and regular screenings, such as mammograms, in detecting breast cancer at an early, more treatable stage. He discussed the differences between benign and malignant lumps, noting that while most breast lumps are not cancerous, they should always be evaluated by a healthcare professional.

By providing comprehensive information on breast health, Dr. Sanjeeva aimed to empower women to take charge of their health, perform regular self-examinations, and participate in screening programs.

The lady staff and I B.E girl students of the institution participated in the session.
